ROCKY FLATS ENVIRONMENTAL TECHNOLOGY SITE REQUEST FOR EXTENSION OF
INITIAL PERMIT NUMBER 04JE1063 - RCN-023-05

This letter is a request for a two month extension of initial permit number 04JE1063, for non-CERCLA remediation activities at the Rocky Flats Environmental Technology Site. Because the activities covered by the initial permit will be completed in less than two months, and the permit will be canceled at that time, there is no need to finalize the permit.

The Site will continue to operate in compliance with all of the terms and conditions of the initial permit. If you have questions, please contact Mike Putney at (303) 966-2692.

Sincerely,
